1. An aluminum plant, with a designed production capacity of 30,000 tons of aluminum per annum, is under construction at Strnisca. Bauxite supplies for this plant will come from Istria and Bosanska Krupya. The plant is expected to employ 5,000 to 7,000 workers. It is planned to construct dwellings for these workers along the Strnisca-Hajdina railroad line.
2. A refinery for the extraction of sugar from sugar beets is located at Zupanja. It is planned to grow sugar beets on approximately 5,500 hectares of land in the district.
